DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/13/05 has been entered.

Claim Rejections - 35 USC § 112

The rejection of claims 1-22 under 35 U.S.C. 112, first paragraph, mailed 9/21/04 is repeated. Applicant's arguments have been fully considered and found unpersuasive because the cubes illustrated in Fig. 9 and the teachings described in the specification are not sufficient to convey to one skilled in the art to form an article or lamina having rectangular cube corner element(s). For example, the teaching of the different ranges given for the spacing of groove vertices 33 does not suggest the cube corner elements has a rectangular shape.

The rejection of claims 1-22 under 35 U.S.C. 102(e) mailed 9/21/04 is repeated. Applicant has not traversed this rejection; and thus, no response is necessary.

All claims are drawn to the same invention claimed in the application prior to the entry of the submission under 37 CFR 1.114 and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the application prior to entry under 37 CFR 1.114. Accordingly, **THIS ACTION IS MADE**

FINAL even though it is a first action after the filing of a request for continued examination and the submission under 37 CFR 1.114. See MPEP § 706.07(b).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
